1710 | 1712

**PRECISION
AND ELEGANCE**

Exceptional reliability, high-precision shooting performance: the markings of every ANSCHÜTZ – including the small-bore repeating rifle 1710 and 1712. The rimfire rifle for every purpose, every day. Always. So you can proudly say:

“MY ANSCHÜTZ”

1710 AND 1712 **TRADITIONAL GERMAN CRAFTSMANSHIP**

The 1710 and 1712 represent some of our most versatile smallbore rifles built for sport-shooting and hunting needs.

Known throughout the world for their exceptional reliability and high-precision shooting performance both in the field and on the range. These qualities are the cornerstone of every ANSCHÜTZ smallbore rifle.

The 1710 and 1712 smallbore rifles carry on our long tradition of meticulous attention to detail and German craftsmanship. While our manufacturing technology has greatly evolved over the past 160 years, our passion for creating exceptionally high-quality firearms has remained the same.

Continuing our tradition of building with aged walnut and hot-blued carbon steel, the 1710 and 1712 smallbore rifles create an unparalleled pride of ownership unique to our sporting rifles.

1710 D KL (SINGLE-STAGE TRIGGER, FOLDING-LEAF SIGHT)

SIGHTING OPTIONS FOR THE MOST DISCERNING SHOOTER

Oiled walnut stock with a satin finish in our Monte Carlo style, featuring a Schnabel forend, pistol grip, and finely cut checkering. The roll-over cheek piece supports shooting with the telescopic sight. Single-stage trigger. Folding-leaf sight and vertically adjustable front sight. 11 mm dovetail groove on receiver for scope ring mounting.

Model 1710 D KL Monte Carlo stock, caliber .22 l.r.
Item No.: 000439 (Right handed version, 584 mm barrel)

- 1 Slip resistant synthetic butt pad
- 2 Monte Carlo stock, made from aged walnut
- 3 Signal pin
- 4 Silent positive safety
- 5 Rear sight, foldable
- 6 ANSCHÜTZ precision barrel

- 7 Pearl front sight adjustable in height
- 8 Non-slip checkering
- 9 Match single stage trigger 5096/2D, adjustable from 1.000 g - 2.000 g at models 1710
- 10 Magazine release lever
- 11 Detachable 5-shot magazine, easy to exchange

- 12 Studs
- 13 Recessed muzzle
- 14 Medium-weight precision barrel
- 15 Match two stage trigger 5109, adjustable from 800 - 1.100 g at model 1712

1710 D HB (SINGLE-STAGE TRIGGER; HEAVY BARREL)

HEAVY BARREL FOR PRECISION SHOOTING

Oiled walnut stock with a satin finish in our classic design featuring a low-profile cheek piece, pistol grip, and finely cut checkering which ensures a secure “grip” even in damp conditions. Single-stage trigger.

Model 1710 D HB, walnut Monte Carlo stock, caliber .22 l.r.
Item No.: 000454 (Right-handed version, 584 mm barrel)

1712 SILHOUETTE SPORTER

THE BEST OF BOTH WORLDS

Oiled walnut stock with a satin finish in our Monte Carlo style, featuring a Schnabel forend, pistol grip, and finely cut checkering. Specifically designed for the NRA sport of Smallbore Silhouette, this rifle is equally at home on the range or in the field. Two-stage trigger.

Model 1712 Silhouette Sporter, walnut Monte Carlo stock, caliber .22 l.r.
Item No.: 007594 (Right-handed version, 560 mm barrel)

Experience German craftsmanship first hand and join our excellent customers in their satisfaction and enjoyment of owning one of the world's finest smallbore sporting rifles. Contentment, joy, and pride are all hallmarks of owning an ANSCHÜTZ rifle.

**"MY ANSCHÜTZ"
THE RIGHT DECISION**

1710 AND 1712

HAND-BUILT EXCELLENCE

The ANSCHÜTZ Match 54 target bolt-action rifle is a world in itself. Developed in 1954, today our various models have become the virtual benchmark for all small-bore rifles. There is a reason why Match 54 dominates the world championships, the Olympic Games and many other small-bore rifle disciplines; consistent quality for over 160 years.

The 1710 and 1712 are created from this illustrious pedigree, featuring many of the same characteristics of the famous Match 54 action, but in a repeater form.

1710 AND 1712 RECEIVER

CLASSIC PRECISION

As the foundation of both the 1710 and 1712, this round match 54 action is precisely machined from 4000 series chromoly and features an eccentric three-lug bolt lock-up with extremely short 54 degree bolt lift. Minimal material is removed to allow for the magazine, resulting in a very stiff and robust receiver. Both receivers feature an 11 mm groove machined into the top of the receiver for mounting scope rings.

Cocked action, signal pin visible

11mm-ANSCHÜTZ prism rail

Rear sight, foldable

Medium-weight ANSCHÜTZ precision barrel

Integrated recoil lug

Magazine guide

5-shot magazine

Magazine release lever

1710 AND 1712 MAGAZINE

SAFELY INTEGRATED

Steel body and removable polymer base plate for easy maintenance and long service life.

1710 AND 1712 TRIGGER

RELIABILITY AND PERFORMANCE

The adjustable two-stage trigger on the 1712 and single-stage trigger on the 1710 models provide the shooter with strong, crisp, and reliable trigger, as well as the ability to fine tune for their particular shooting style.

There is nothing better.

1710 AND 1712 BOLT

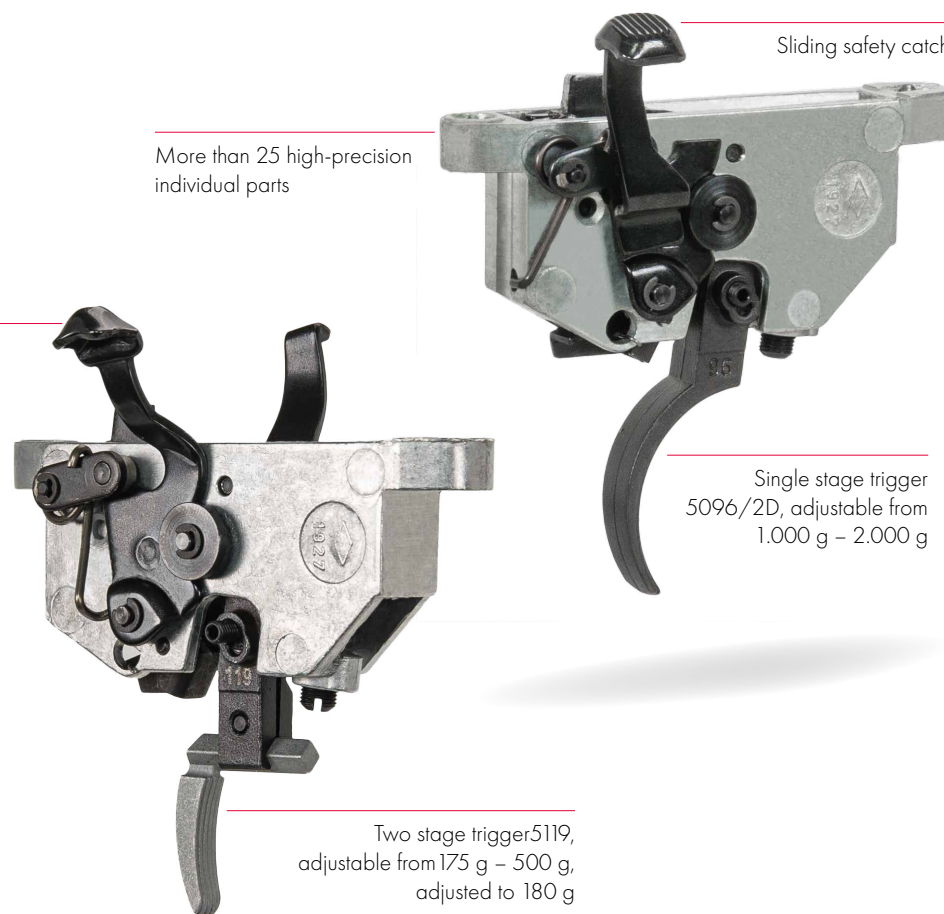

PURE RELIABILITY

Smoothly operation and precise lock-up are qualities appreciated by the discerning sport shooter and hunter. Absolutely reliable extraction of the empty cartridge case. Solid construction, proven and tested since 1954.

More than 25 high-precision individual parts

This trigger is available as accessory
Item No.: 015430

Your dealer

“ANSCHÜTZ researches and produces on a high level of technology. In our creations, we draw on the never outdated source of traditional craftsmanship.

In the end, tradition means consistency and steadfastness, not losing your head when it comes to the multitude of perhaps tempting but short-lived trends. And so, we see ourselves as the guardians of an excellent “Made in Germany” concept:

We manufacture nearly all the components of our rifles by ourselves. The employees of ANSCHÜTZ are aware of the responsibility bound up in each individual step of production and are proud to bring with them their experience and specialist knowledge. This is the foundation of the first-class quality of ANSCHÜTZ!

ANSCHÜTZ rifles are not just simple production firearms. They are individual masterpieces that are designed, assembled and tested with the utmost attention to detail.”

Jochen Anschütz

President
